Spread throughout the dark corners of our world lies the Shadow World, a society of vampires who feed off the living. In Austin, Texas, one woman must rise from the ashes of tragedy and confront an ancient evil before it destroys everything she holds dear. After a heartrending night of loss and blood, Miranda Grey-Solomon, vampire Queen of the South, now stands in the ruins of her life determined to pick up the pieces and move on. David, her husband and Prime, is missing and presumed dead, and Miranda is lost without her soul mate by her side. But she has little time to grieve as enemies both old and new emerge to test her yet again. Between vampires trying to take advantage of a Queen without a Prime, incursions by a mysterious organization of humans calling themselves the Order of the Morningstar, and the continuing threat from those within the Shadow World who have already tried to destroy her, Miranda and her allies are running out of places to turn. In order to save her territory and the ones she loves, Miranda must look to the ancient past, to the first days of the vampire race, and uncover secrets about the Signets that could change the course of history.
