This item is printed on demand - Print on Demand Neuware - Diploma Thesis from the year 2009 in the subject Geography / Earth Science - Demographics, Urban Management, Planning, grade: 1,0, University of Vienna, language: English, abstract: This thesis focuses on the demographical characteristics of social housing in the United States. At the beginning, a comprehensive overview about the system of the housing market itself and the development of social housing in the United States is given by observing the current situation in the United States and in New York City in particular. After gathering this information, the demographical characteristics of social housing tenants are elaborated in more detail. The main objective is to study and evaluate demographical developments, status quo and current challenges. At the end, a critical evaluation of the social housing system and its tenants in the United States is possible from a present-day perspective, as well as for the future. 124 pp. Englisch.
