BORN2TEACH (PAPERBACK)

Createspace, United States, 2010. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In a world where people s lives are continually being reduced to numbers, Born2Teach is a song to the wigglyness of life. It is a story about finding one s bliss and following it through the labyrinth of academic disdain for human complexity, and finding that not all business models are based entirely upon the single bottom line of financial profit. As you read, you will be reminded of the interconnectedness of life and lives; how, despite the American emphasis on the myth of individualism, we do not exist in a vacuum. Rather, we are influenced by family and friends, society and its organizations, and by our loves and loss in helping us find our way to address the elemental questions of what it means to experience life. Born2Teach is a torch song of one man s love for his students, for TEACHING, and ultimately for all the terrible beauty that life has to offer.
