Filesize: 5.4 MB

Reviews

*Complete guide! Its such a great study. I am quite late in start reading this one, but better then never.
It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Its the 1960 s, in a wooded area beckoning for exploration, a secret government project, incorporating a self sustaining array is in operation. Improved by a small group of scientists, and two youngsters, in an incredible undocumented history of fact and fiction, will take you on trails of adventure, that will bend your mind, and forever alter your sense of reality. Concerned about planetary disruption that could end all life on the planet, they come to agreement to disband, to let nature and humanity make its own choice. Not all discoveries are revealed to the world. From exciting memories of youth starting in the 3rd grade, the Narrator, along with a Beaver tells a complex series of events, inter-weaving three intertwined stories in non-chronological order to convey a specific series of events in sequence. Each transpiring event is a mini story or short story of its own. The mini stories are bits of a puzzle. As events progress and are put together in a pattern they build into three stories. One story about a lost boy in the woods, the chaos that results is not caused by the lost boy but by events surrounding him. The next story about AN/GRD-6 a classified military project of the time, now declassified. The third story a mini history, single person perspective of Huntley Meadows Park, all three stories, evolving at the same time. Think of it as a three dimensional puzzle with some pieces fitting all three puzzles, some pieces not fitting any of the three main puzzles designed to mislead you. Some pieces are fiction some are fact, as you put together the main overall picture you begin to realize...
