Reviews

Unquestionably, this is actually the very best work by any article writer. It usually does not price a lot of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Augustine Pfannerstill)

Cambridge University Press. Hardback. Book Condition: new. BRAND NEW PRINT ON DEMAND., Why not Parties in Russia?: Democracy, Federalism and the State, Henry E. Hale, Russia poses a major puzzle for theorists of party development. Whereas virtually every classic work takes political parties to be inevitable and essential to democracy, Russia has been dominated by non-partisan politicians ever since communism collapsed. This 2006 book mobilizes fresh public opinion surveys, interviews with leading Russian politicians, careful tracking of multiple campaigns, and analysis of national and regional voting patterns to show why Russia stands out. Russia's historically influenced combination of federalism and super-presidentialism, coupled with a post-communist redistribution of resources to regional political machines and oligarchic financial-industrial groups, produced and sustained powerful party-substitutes that have largely squeezed Russia's real parties out, damaging Russia's democratic development.
