By Nadinia A. Davis, Melissa Lacour

Elsevier Science Publishing Co Inc, United States, 2016.  
Paperback. Book Condition: New. 4th Revised edition. 276 x 216 mm. Language: English . Brand New Book. Foundations of Health Information Management, 4th Edition is an absolute must for any student beginning a career in HIM. Balancing comprehensive coverage with an engaging, easy-to-understand tone, this text focuses on healthcare delivery systems, electronic health records, and the processing, maintenance, and analysis of health information to present a realistic and practical view of technology and trends in healthcare. It prepares you for the role of a Registered Health Information Technician who not only files and keeps accurate records, but serves as a healthcare analyst who translates data into useful, quality information that can control costs and further research. With new SimChart and SimChart for the Medical Office samples, the new 2014 AHIMA outcome-based competencies, and more exercises, this fourth edition puts you in a position to succeed on the RHIT certification exam.
