Brand New Book ***** Print on Demand *****.Currently America is involved in a national controversy concerning the state of health care. One faction of the government believes that we should have more and better health care for less cost. The other equally vocal side of the American people believes that medical care should stay as is. The argument is about access and cost. The fact is, both access is difficult and costs are up because we are not healing people. The real issue is how do we change our current medical system from merely treating illness to preventing illness in the first place? Secondly when illness exists instead of forcing people to suffer years of pain and illness for years, why not heal illness in its earliest stages long before it creates a permanent problem? One way many people are dealing with this crisis is to move away from traditional Western medical care and instead seeking alternative health care resources. This counter-cultural movement is clearly gaining an ever increasing share of the medical health care market. The problem here is that most alternative care still operates from the standard Western medical model, leaving us merely using one method of maintaining illness for another method of maintaining illness. In the end we have many different but yet similar methodologies. There is no medical treatment that includes looking at root causes (blocks and conflicts or faulty beliefs) and how to prevent them to keep you well or heal your illnesses. The Lawrences are not willing to simply accept the status quo. They have searched long and hard for a system that healed rather than maintained illness. They found this system in a little known ancient healing system...
